

Financial Assistance Policy

Purpose

To assist eligible patients with their medical bills.

Policy

Hospital & Medical Foundation of Paris, Inc. (dba Horizon Health) will provide a reasonable amount of financial assistance (in the form of a reduction in amounts owed for services) to patients who apply and are eligible based upon family income. The following income table will be used to determine the amount of financial assistance to be provided:

Family Income as a % of Federal Poverty Level	% of Balance to be Written Off*
150% or less	100%
151% - 160%	90%
161% - 170%	80%
171% - 180%	70%
181% - 190%	60%
191% - 200%	50%
201% - 210%	40%
211% - 220%	30%
221% - 250%	20%

The Federal Poverty Guidelines are established and published annually by the Department of Health and Human Services.

HMFP's charitable mission is to the residents of Edgar County and the close surrounding areas in Illinois. Options other than this financial assistance program may be available to uninsured persons residing outside of HMFP's defined service area as described below*.

Exceptions to the service area are as follows:

1. All covered (insured) lives enrolled in our Horizon Health employee's health coverage plan.
2. Any employee who is insured through an outside health coverage plan.

Health services must be medically necessary as determined by the attending physician to be eligible for Financial Assistance.

Veterans: Financial Assistance is only available for services approved by the VA to be provided by PCH/FMC.

Medically Indigent: For families whose combined medical debt owed to PCH exceeds 36 payments according to the minimum monthly payment policy the excess amount may be considered for financial assistance. Application must be made and proof of income and/or expenses must be provided to show eligibility.

Presumptive Eligibility: Criteria will be used to determine if a patient is eligible for financial assistance without further scrutiny by HMFP. These categories will reflect the free care mandate included in the 2012 Amendment to the Hospital Uninsured Patient Discount Act (HUPDA) legislation for uninsured patients.

- a. Deceased with no estate
- b. Homelessness
- c. Mental incapacitation with no one to act on patient's behalf
- d. Patients who have active IL Medicaid eligibility, but not on date of service or for non-covered services.
- e. Uninsured inmates incarcerated in a penal institution on the date of service if the visit is not a result of an injury in the penal institution.

Financial assistance will be considered only after all available resources for reimbursement, including Medicaid, have been exhausted. HMFP reserves the right to investigate and inquire as to the available income and other factors that would assist in making a determination of eligibility. HMFP may change or revoke eligibility if information is received that indicates the patient's financial situation has changed.

Applications for financial assistance can be obtained from the Registration Desk or in the Business Offices of Horizon Health. Completed applications will be accepted by the Business Office during regular business hours (8:00 a.m. to 4:30 p.m.), Monday through Friday.

The Financial Assistance Coordinator will collect and review the information necessary to make a determination of eligibility for each financial assistance application. Every effort will be made to make a determination within ten (10) working days from the date the completed application and supporting documents are received.

Final approval for financial assistance will be given by the appropriate level of management as follows:

\$2,000.00 or less Patient Accounting Manager
\$2,000.01 through \$5,000.00..... Vice President of Finance or President
Over \$5,000.00..... Finance Committee of the Board of Trustees

Upon approval, the patient's account is then written off as Charity Care. This write-off is reflected on the income statement as an element of Deductions from Revenue.

*Zip Codes in primary service area:

61912 Ashmore
61917 Borton
61917 Brocton
61944 Paris
61924 Chrisman
